

# Colorado To Ghana October 2018 Trip

## Student Contract

**Objective:** To bring back from Ghana a sense of empowerment to positively impact the community around you.

**Expectations:** This trip is only the beginning. Students will be required to have a plan of action that they will follow through with that gives a positive impact to their community or a region of the world. There are no limitations to the type of involvement you can have as long as you are able to measure your impact in some way. Suggestions include:

- Creating an event for the community to raise awareness for a need that you deem important.
- Providing assistance to a nonprofit of your choice that gives measureable impact.
- Fundraising for a local, regional or international need.

\*These are just examples. You can choose what you wish as long as you are able to measure an impact you had.

*Submission of plan of action: December 1<sup>st</sup>, 2018*

*Follow through for plan of action: June 1<sup>st</sup>, 2018*

***Contract needs to be signed by you and a parent below:***
